1 Children's Hospitalization and Other Health-Care Encounters 1

Lois J. Pearson

Characteristics of Children Hospitalized Today 3

A Developmental Approach 4

Vulnerable Children 18

Resilient Children 20

Family Reactions 21

Sibling Reactions 27

The Emergency Room Experience 30

Ambulatory Care 33

Home Health Care 35

Conclusion 36

Study Guide 38

References 39

2 Preparing Children for Health-Care Encounters 43

Carmel C. Mahan

Stress and Coping 44

Theoretical Framework for Preparation 46

Developmental Perspective 50

Language	52
Preparation Techniques	55
Emergency Admissions or Procedures	68
Conclusion	71
Study Guide	72
References	73

3 Play in Children’s Health-Care Settings 77

Rosemary Bolig

Play in Psychology, Education, and Anthropology	80
Play in Health Care	88
Playing into the 21st Century	102
Conclusion	106
Study Guide	107
Appendix 3.1: Resources for Play	108
References	113

4 The Arts in Children’s Health-Care Settings 119

Judy A. Rollins

The Arts as Tools for Coping with Illness and Health-Care Experiences	121
Research Findings and Applications	131
Relationship-Centered Care	151
Professional Artwork	152
Facilitating the Creative Process	154
Safety Issues	157
Home Care Considerations	158
Starting an Arts Program	160
Conclusion	164
Study Guide	165
Appendix 4.1: Resources for Safety and the Arts	166
Appendix 4.2: Resources for Starting Arts-in-Health-Care Programs	167
References	168

5 The Child with Special Health-Care Needs 175

Elizabeth Ahmann and Judy A. Rollins

The Child with Special Health-Care Needs	176
Principles of Care and Theoretical Frameworks	178
Chronic Conditions and Child Development	188
Family Issues	200
Community Supports	207
Conclusion	212
Study Guide	213
Appendix 5.1: Resources for Family-Member Peer Support	214
References	215
