In this index, the following abbreviations are used: f denotes figure and t denotes table. Also, Grades 1–3 are grouped under the heading “Early elementary students”, Grades 4–8 are grouped under the heading “Upper elementary students”, and Grades 9–12 are grouped under the heading “High school students.”

Abstraction. See Contextual abstraction
Abstract metaphors, 116–117, 117t
Abstract nouns, 56–57, 99–103, 102t, 111, 125–131, 127t, 133
Abstract thought, 13–14
Abstract words, 40, 41t
See also Abstract nouns
Academic achievement, 129–130, 150–151, 167
See also School success; Sequential Tests of Educational Progress
Academic subject reading comprehension, ix, 262–263, 265–268
See also Science textbook examples
Adjectives, 57, 74, 103–105
Adolescents
ambiguity comprehension, 13–14, 168, 172–174, 183
cognitive development, 5
conversational and narrative speaking, 217–218, 221–229
derivational morphology development, 75–84
idiom and slang comprehension, 139, 143–144, 155–157
metalinguistic competence, 11–13
polysemous terms and, 50
reading comprehension, ix
second-language acquisition, 3, 6, 8, 9–10
social perspective taking, 14
syntactic development, 192–193, 208, 210
text messaging, 218
See also Age and grade progression;
High school students (Grades 9–12); Upper elementary students and middle school students (Grades 4–8)
Adults
ambiguity comprehension, 14, 177
narrative speaking in, 223
second-language acquisition, 3, 6, 8–9
topic maintenance and topic shading, 215–216
word learning in, 39
See also Older learners; Young adults
Adverbal clauses, 44t, 63, 190, 236, 237
Adverbal conjuncts, 202–207, 203t, 226
Adverbs of likelihood and magnitude, 54–56
Advertisements, 172–176, 175t, 184
Aesop, 120
Aesop’s Fables, 119–120, 257
Affixes. See Prefixes and prefix knowledge;
Suffixes and suffix knowledge
African American (AA) children, 150, 220, 223–224
African American English (AAE), 191
Age and grade progression
abstract nouns and words, 40, 41t, 56–57
adverbs of likelihood and magnitude, 54–56
ambiguity comprehension, 13–14, 163–165, 168, 169, 175–176, 179–182
Aristotelian definitions, 96–97, 98
contextual abstraction, 77–78
derivational morphology, 70, 71t–72t, 74, 76, 78–82, 85, 87–89
### Subject Index

- **double-function terms**, 52–54
- **epistemological expressions**, 60
- **idiom and slang comprehension**, 140, 141–145, 147–149, 153–154, 156, 172
- **linguistic attainments**, 17, 19t–22t
- **morphological analysis**, 47, 48, 57–58, 76–77
- **polysemous terms**, 51
- **prefix and suffix knowledge**, 76, 89
- **reading comprehension**, 86–89, 143, 256–268
- **root word knowledge**, 76
- **spelling knowledge**, 90–91, 273t
- **syntactic development**, 188f, 189, 191, 193, 196, 198–203, 206–208 verbs, 59, 60–61, 62
- **word definition knowledge**, 97–110, 102t, 109t
- **word learning**, 39, 40, 41t, 82
- **word-reading ability**, 88–89
- **written language development**, 274–279

- **Alliteration**, 257
- **Alphabetic code**, 256, 260
  - See also **Word-reading ability**

- **Ambiguity comprehension**
  - age and grade progression, 13–14, 163–165, 168, 169, 175–176, 179–182
  - learning strategies, 184
  - overview of, 161–176, 168t, 169t, 170t, 171t, 175t
  - study guide, 185
- **Ambiguous idioms**, 155
- **Analogical reasoning**, 11, 119, 122, 124, 259, 271
- **Analysis**. See **Morphological analysis**; **Word-reading ability**
- **Anecdotes**, 220–221, 223–224
  - See also **Jokes**; **Narrative speaking**
  - “Ant and Grasshopper,” 121
  - See also “The Grasshopper and the Ants”
- **Antigone** (Sophocles), 135
- **Appositives**, 194
- **Argumentation**, 267
  - See also **Counterarguments**; **Expository discourse**; **Philosophical discussions**
- **Aristotelian definitions**, 36, 44t, 95–99, 101–104, 110–111
- **Aristotle**, 96
- **Attempts** (narrative speaking), 220
  - See also **Complete episodes**
- **Babies**, 6
- **Baseball knowledge**, 242–243
- **Bilingualism**. See **Second-language (L2) acquisition**
- **Blending**, 257, 259
- **Board games**, 237
  - See also **Chess knowledge**
- **Brain development**, 5, 15
- **Canadian Achievement Test**, 59
- **CCSS**. See **Common Core State Standards (CCSS)**
- **CD**. See **Clausal density (CD)**
- **CELF (Clinical Evaluation of Language Functions)**, 7
- **CELF-III (Clinical Evaluation of Language Fundamentals, Third Edition)**, 30
- **Certainty versus uncertainty**. See **Factive and nonfactive verbs**
- **Characters**, 220
- **Chess knowledge**, 231, 245–246
- **Children**. See **specific grade groupings**; **specific types of children**
- Chinese-English speakers, 7–8
  - “Circus Stunts,” 259
- **Clarification**. See **Request for clarification**
- **Clausal density (CD)**, 191, 192, 238, 240, 245, 246
- **Clauses**. See **specific clauses**
- **Clefting**, 194
- **Clinical Evaluation of Language Functions (CELF)**, 7
- **Clinical Evaluation of Language Fundamentals, Third Edition (CELF-III)**, 30
- **Closed-class words**, 7
- **Code switching**, 14
- **Cognitive development**, 5, 15
- **Collaborative narratives**, 221, 226–228
