

About the Author

Beverly Plass, M.A., CCC-SLP, is a speech-language pathologist in the Irvine Unified School District in Irvine, California. She's worked with students of all ages and disabilities for over 20 years. Bev has learned that to teach articulation skills, you need to break down the steps, provide for much practice of each context, and motivate the student so the drills are disguised as fun activities. Bev has published several books with LinguiSystems, including *SPARC R & S*, *SPARC L*, *SPARC Artic Junior*, and *Functional Vocabulary for Adolescents & Adults*. When Bev grows up, she hopes to publish children's books.

Dedication

To Illustrator Margaret Warner for bringing the pages to life,
and Barb Truman for her wise editing
