

## ABOUT THE AUTHOR

---

**Sandra (Kasper) Schwartz, M.S., CCC-SLP**, received both her B.S. and M.S. in speech-language pathology from the University of Pittsburgh. Her focus has been in the areas of voice and dysphagia since 1994. Sandy has provided clinical services in acute care, university clinic, and ENT practice settings. She also serves as a clinical consultant to KAY Elemetrics for their voice and swallowing instrumentation, providing videostroboscopy and FEES® training to speech-language pathologists and otolaryngologists.

Sandy is presently employed by the Hospital of the University of Pennsylvania, Department of Otolaryngology as clinical specialist for voice and head-and-neck cancer.

## CONTRIBUTING AUTHOR

**Kelly Teorsky, M.S., SLP**, received her master's degree in speech-language pathology from Duquesne University, Pittsburgh, Pennsylvania. She has specialized in the evaluation and treatment of voice disorders. Kelly is currently providing outpatient services in ENT private practice settings. Kelly is employed by Metropolitan ENT Associates in Pittsburgh.

## SPECIAL THANKS

---

To Philip Pollice, M.D., who has been a colleague and mentor in the area of voice. Thank you for providing invaluable input and for reviewing this book for accuracy.

Thank you, Joe, for supporting me the past few years, both personally and professionally.

Thanks to my mother, who volunteered her typing skills to assist with this manual.
