Social Skill of the Week: Going to the Grocery Store

We practiced the above social skill using this four-picture Matt and Molly story. As you can see, the character in the story does the skill *wrong* two times before doing it *right* in the last picture.

Cut the pictures apart. As you retell the story, ask your child to find the picture that you are describing. When all of the pictures are in sequential order, help your child act out the story. Reinforce “wrong vs. right.” Ask your child questions about the story, such as “Is it right to throw an apple?”

Each week, after you review the story with your child, add picture number four to a little photo album. Title this book **The Right Way to Act**. You can refer to this picture when your child is in a similar social setting and needs reminding of the “right way” to act.
