Program of Vocal Hygiene ♦ 110

Program of Voice Therapy ♦ 113

Special Considerations for the Professional Voice User ♦ 132

Voice Changes Associated with Gender Reassignment ♦ 136

Chapter 6

Functional, Psychogenic, and Spasmodic Dysphonias ♦ 139

Ventricular Dysphonia ♦ 139

Conversion Voice Disorders ♦ 141

Mutational Falsetto ♦ 145

Spasmodic Dysphonia ♦ 148

Paradoxical Vocal Fold Motion ♦ 154

Chapter 7

Congenital Dysphonias ♦ 157

Congenital Mass Lesions of the Larynx ♦ 157

Congenital Structural Anomalies of the Larynx ♦ 160

Chapter 8

Neurogenic Dysphonias ♦ 169

Dysphonias Associated with Disorders of the Lower
Motor Neuron, Myoneural Junction, and Muscle ♦ 171

Dysphonia Associated with Disorders of the Upper Motor Neuron ♦ 195

Dysphonia Associated with Disorders of the Cerebellar System ♦ 197

Dysphonias Associated with Disorders of the
Extrapyramidal System ♦ 200

Dysphonias Associated with Dysarthrias of Multiple Motor Systems ♦ 220

Dysphonias Associated with Neurologic Loss of Planned,
Volitional Control of Phonation ♦ 229

Therapy Procedures for Speech Rehabilitation ♦ 232

Chapter 9

Disorders of Vocal Resonance ♦ 243

Hypernasality ♦ 243

Hyponasality ♦ 250

Assimilative Nasality ♦ 251

Resonance Disorders Due to Faulty Tongue Postures ♦ 253

Stridency ♦ 256

Chapter 10

- Laryngectomy Rehabilitation ♦ 259
 - Preoperative Management ♦ 260
 - Postoperative Management ♦ 264
 - Voice Training ♦ 272

Appendix A

- Standard Reading Passages ♦ 295

Appendix B

- Informational Handouts for Clients and Families ♦ 299
 - The Effects of Medications and Drugs on Your Voice ♦ 299
 - Suggestions for Parents of Young Children with Voice Problems (Ages 3 to 7) ♦ 301
 - Suggestions for Parents of Children with Voice Problems (Ages 7 to 14) ♦ 303
 - Suggestions for Teens with Voice Problems ♦ 305
 - Vocal Health Tips for Adults and Seniors ♦ 307
 - Tips for Vocal Health for Any Age ♦ 310
 - Vocal Hygiene Rules for Lifelong Vocal Health ♦ 312
 - Advice for Professional Voice Users ♦ 314

Appendix C

- Resources for Voice Assessment and Therapy ♦ 317

References ♦ 323

Additional Resources ♦ 337

Index ♦ 341

About the Authors ♦ 367
