

Table of Contents

INTRODUCTION	3
CHAPTER 1: WHAT IS AN ORGANISM?	
Section 1 – <i>Characteristics</i>	4
Section 2 – <i>Basic Needs of Organisms</i>	7
CHAPTER 2: THE CELL	
Section 1 – <i>Parts of a Cell</i>	9
Section 2 – <i>Chemicals in a Cell</i>	12
Section 3 – <i>Movement of Molecules</i>	14
Section 4 – <i>How Cells Make Food</i>	16
Section 5 – <i>The Cell Cycle</i>	18
CHAPTER 3: CLASSIFICATION	
Section 1 – <i>Taxonomy</i>	20
Section 2 – <i>How Organisms Are Classified</i>	22
CHAPTER 4: HEREDITY & REPRODUCTION	
Section 1 – <i>Traits</i>	24
Section 2 – <i>Dominant & Recessive Traits</i>	26
Section 3 – <i>Reproduction</i>	30
CHAPTER 5: EVOLUTION	
Section 1 – <i>Genes & Mutations</i>	34
Section 2 – <i>Darwin's Theory of Natural Selection</i>	36
Section 3 – <i>Fossils</i>	39
CHAPTER 6: BACTERIA & VIRUSES	
Section 1 – <i>Bacteria</i>	42
Section 2 – <i>Viruses</i>	45
CHAPTER 7: PROTISTS & FUNGI	
Section 1 – <i>Protists</i>	47
Section 2 – <i>Fungi</i>	50
Section 3 – <i>Lichen</i>	52
CHAPTER 8: PLANTS	
Section 1 – <i>What Is a Plant?</i>	53
Section 2 – <i>Nonvascular & Vascular Plants</i>	54
Section 3 – <i>Plant Life Cycles</i>	56
Section 4 – <i>Parts of a Plant</i>	58
Section 5 – <i>Photosynthesis</i>	60
CHAPTER 9: ANIMALS	
Section 1 – <i>Characteristics of Animals</i>	62
Section 2 – <i>Invertebrates</i>	64
Section 3 – <i>Vertebrates</i>	67
Section 4 – <i>Animal Behavior</i>	69
CHAPTER 10: THE HUMAN BODY	
Section 1 – <i>From Cells to Systems</i>	70
Section 2 – <i>Skeletal & Muscular Systems</i>	71
Section 3 – <i>Circulatory & Respiratory Systems</i>	74
Section 4 – <i>Digestive & Excretory Systems</i>	77
Section 5 – <i>Endocrine & Reproductive Systems</i>	79
Section 6 – <i>The Nervous System</i>	81
Section 7 – <i>The Integumentary System</i>	83
GLOSSARY	85
